### Chorus

I wrote this to motivate the hopeless  
That when times get hard stay focused  
Blessings come in times when you don't notice  
Just stay focused, just stay focused  
Sometimes you gotta keep on, keep strong  
And when it feels like you can't do it no more  
Just keep on, just keep on, just keep on, just keep on

### Verse 1

I grew up on a foundation fake friends no patience  
Tryna make it sick of waiting all these haters sick of  
hating  
I'm always thinking bout the struggle you know  
Like when I was crying going through the pain  
Looking for shelter from the rain feeling like it ain't gon  
change  
Like everything's gon stay the same  
And somewhere out there someone's got it worse than  
you  
Like the teen mom that gave her kid to you Carly  
Why these young kids think it's gon get better puffing  
on the Marly  
And they think it works but hardly  
And I know from first hand experience  
I hope everyone around the world is hearing this  
I wrote this to reach out to the hopeless  
And let em know it's gon be alright I know this  
You just gotta stay focused on your dreams  
Even when it feels like they impossible  
You don't needa be a superhero to be unstoppable

### Chorus

### Verse 2

Nobody really knows what I go through  
But if you really knew me, you'd know the truth  
I'm always praying for the hopeless  
That they find the strength to heal when hope is broken  
And that the kids who getting bullied stay strong  
I pray that families find a way to keep on  
Love yourself cuz that's all you need

Never let anyone take your will to breathe  
Get back up when you fall down no matter what you go  
through  
Stay focused and you'll find a way to pull through  
And I know from first hand experience  
I hope everyone around the world is hearing this  
I wrote this to reach out to the hopeless  
And let em know it's gon be alright I know this  
You just gotta stay focused on your dreams  
Even when it feels like they impossible  
You don't needa be a superhero to be unstoppable

#### Chorus

#### Bridge

Yeah sometimes you just gotta keep on  
No matter what you going through in life  
Everything's gonna get better  
As long as you got God by your side  
Yeah 15 y'all  
Just keep on
