(Intro)

Whatâ€™s it all mean? You say you love me but you
donâ€™t even know the definition
You try to reel me in and I wont even pretend like I have
no clue of what youre doing

(chorus)

I can take this game of hide and seek
You canâ€™t take the blame of falling over me
Cause maybe you think maybe you think that I feel the
same

But please let me explain, please let me explain
And I cant help but think that I may be on the brink of
falling over you

And I donâ€™t know what to do

(v1)

You fooled me to believe that you were the perfect
But I saw hwo you were when you thought nobody else
was nearby

I saw it allâ€¦what you tried to hide

(Chorus)

I cant take this game of hide and seek
You cant take the blame of falling over me
Cause maybe you think that I feel the same

But please let me explain, please let me explain
And I cant help but think that I may be on the brink of
falling over you

And I donâ€™t know what to doâ€¦and I donâ€™t know
what to doâ€¦
