Magic

[Chorus]

Magic (magic)  
I'm straight magic (magic)  
I'm sicker than I've ever been  
Tokes (tokes, tokes)  
I command whole armies on the mic

Magic (magic)  
I'm straight magic (magic)  
I'm sicker than I've ever been  
You won't find a sicker rapper than me,  
I'm sicker than a rapper with a lack of vitamin C

[Verse 1]

I'm the teacher,  
that's one step ahead of the class  
The dealer,  
that's one step ahead of the grass  
God's done so much shit to me  
so I'm bunning religiously,  
skip the pleasantries and give me  
them pleasant trees

I send my runners out,  
serving the herb,  
so I'm never running out,  
of what sir would prefer.  
Even in the fucking rain selling cain  
I maintain the pain like a slave,  
dragging on a chain

That night,  
I was chilling with zoots laughing.  
Holding more green  
than you can see in Kew gardens,  
fuck hitting that crack shoot,  
It's too far and  
it ain't something that I really wanna take part in

Ho's be distracting,  
foes wanna chat shit,  
ho's wanna snatch him, catch him  
all he wanna do is  
get back to this rap shit  
cos when he gets back to the mic  
it's like magic

[Chorus]

Magic (magic)  
I'm straight magic (magic)  
I'm sicker than I've ever been  
Tokes (tokes, tokes)  
I command whole armies on the microphone,

Magic (magic)  
I'm straight magic (magic)  
I'm sicker than I've ever been  
You won't find a sicker rapper than me,  
I'm sicker than a rapper with a lack of vitamin C  
It's like magic
