[Chorus:]

I'm on my way to
my success and
right now I feel like I can just do anything
and I don't think that
I will ever stop
'cause I'ma keep on going just until I reach the top

I'm on my way to
my success and
right now I feel like I can just do anything
and I don't think that
I will ever stop
'cause I'ma keep on going just until I reach the top

[Wade] S-U-C-C-E-S-S, Success, it's a part of like a
name, might as well get it tatted on my chest, got a G-
Shock wrapped around my wrist, Jordans wrapped
around my feet, True Religion Jeans around my waist,
Chicago hat to match my lace, OK?

Let me slow it up, because success can take a little
time,
Call me Tony Hawk cuz you can catch me on my grind,
Climbin' the stairs of prestige I'mma rise to the top like
a block of ice,
No lie I get dumb high that's probably the reason why
I'm on top

They not on my level, I say they not on my level, what
level I say I'm on Prestige 10 like Call of Duty
You foolin', you think I'm losin', I'm warming up like a
Jacuzzi,
Niggas play actin for movies and I keep it trill like
Boosie,

Success is now my new boo, I'ma marry her today
If you got room left in your day to hate you're not
makin' no cake,
I'm going all the way, there's no speed bump in my
road
I see the finish line now, it's bank rolls I'm takin' home

[Chorus]

[Snickers]

Yo,

Reach the top, I just blew my top, like a pop bottle
Be like a penguin and waddle my ass across the stage,
I'ma go full throttle, ain't no obstacle,
Rhymes so sick I'll put this mic in the hospital, you just
pissed me off
I just lost my cool, now try to stop the bull.

You underestimated me, underrated me, beating me?
That right there is gonna be profound,
you don't wanna throw down, o now,
have these girls saying 'Snickers please slow down'

O wow, wanna have a showdown?
I'm from Detroit, Motor City, Mo'town,
have these people on my youtube account,
prob'ly thinkin' that I'm grown now

W'no I'm no, I just improved alot,
got a new dream gotta work on a few things,
Don't really care about no diamond rings,
couldn't care less about a little bit of bling

Honey I'm a bee, and I'm here to sting
I'm alot of things but I ain't no fake
no counterfeit this ain't Down Like This
but I just show'd y'all how it is and I'm proud of it

[Chorus]
