I'm just soaking up this breeze, smoking on some trees
Smoking on this weed, this is all I need
Smoking on this weed, this is all I need
Smoking on this weed, this is all I need
I get lifted, I get lifted, everyday
I get lifted, I get lifted, I get lifted, I get lifted, everyday
I get lifted, I get lifted, hey

Overzel me, propel me, propeller, cat pilla,
Rap healer, dope dealer, grip it back
Look it back now, reseller,
Exhale, inhaler, feller, Juicys pored
Dueces for all you loud mouth bitches who adore
I can't play on your field anymore
Take it flight, now look at me soar
In and out of space with my foot to the floor
Higher and higher, I won't retire
Halfie don Kaya, Love smokin fire tata like satellite,
All on the wire,
Keep it up, speed it up, slow it up
Throw it up
Your bitch is looking at me cause she probably wanna
go with us
It's cool with me, hop in, hop in, ain't no stopping
We keep knocking, rocking

I'm just soaking up this breeze, smoking on some trees
Smoking on this weed, this is all I need
Smoking on this weed, this is all I need
Smoking on this weed, this is all I need
I get lifted, I get lifted, everyday
I get lifted, I get lifted, I get lifted, I get lifted, everyday
I get lifted, I get lifted, hey

Dimes, dubs, quarter ounce oz, putting in the zag
Let it burn slowly everywhere I am
Nigga got a blow tree rolling every gram
They be like holy smokes, that man no joke
can tell if its that "mehh" (crap) if you don't choke
Never gonna quit, every chance I'ma take
Zips smelling like the whole plants in my coat
For autographs, coming at me with all the names

And what I gotta have
I got my own shit, and this ain't for the little kid
This grown shit, having a party at my crib
Bring your own bitch, I got 3, so matter of fact you can
take one
and roll a joint baby girl let's bake one
And take this weed and I can show you how to make
one, ah

I'm just soaking up this breeze, smoking on some trees

Wiz - Niggas know i get lifted its high school, i stay
high, i mean i dont gotta get high im already there,
yeah, i was high when i said that, haha, whatup snoop!

Smoking on this weed, this is all I need
Smoking on this weed, this is all I need
Smoking on this weed, this is all I need
I get lifted, I get lifted, everyday
I get lifted, I get lifted, I get lifted, I get lifted, everyday
I get lifted, I get lifted, hey X 2
