

## Snoop Dogg And Wiz Khalifa "Let's Go Study"

Visit "[Let's Go Study](#)" on MotoLyrics.com

I wanna go study, baby would be my buddy?  
And help my with my project, cause you are who I roll  
with  
Honestly, I know it, take me Boo, you the one I wanna  
go with  
Fridays out the week, my stays out the street,  
It pays me discreet, your fragrance is sweet

Honey do, money do, but this ain't about no money  
This bout me and you, making â€¦take it from me  
First day of school, I'm looking cool, I got my clothes  
pressed  
I'm a senior, but I'm seaming like an old vet  
Time pass me by, if I don't graduate this time  
So I expend my mind, find ways  
To elevate it, motivate it, calculate it  
Reâ€¦look at your girl, you got me dedicated

I wanna go study, baby would be my buddy?  
And help my with my project, cause you are who I roll  
with  
Honestly, I know it, take me Boo, you the one I wanna  
go with  
Fridays out the week, my stays out the street,  
It pays me discreet, your fragrance is sweet

Put me on the game, though I keep my hand  
In these books I'm not a lame  
Usually kinda square, I'm trying new shit for a change  
Tell them bitches things like if you wanna get with me  
You gonna need a lot of brains  
And just cause I don't play who said I can't ball  
My nigga mack do me and him as in the same hall  
So don't get mad if I relax and get my bake on  
Just promise that you try and catch me if my grades fall

I wanna go study, baby would be my buddy?  
And help my with my project, cause you are who I roll  
with  
Honestly, I know it, take me Boo, you the one I wanna  
go with  
Fridays out the week, my stays out the street,

It pays me discreet, your fragrance is sweet

â€¦ there you are, look at my repertoire  
Spitting game, and knowâ€¦ rapping hard  
Change that perspective, that's my objective  
Cool and also collective  
Connective, check this, I need you more that you could  
know  
So you just be a seed in my weed, baby let me grow  
Let me knowâ€¦ baby I will beat that, you know I need  
that, come on

I wanna go study, baby would be my buddy?  
And help my with my project, cause you are who I want  
with  
Honestly, I know it, take me Boo, you the one I wanna  
go with  
Fridays out the week, my stays out the street,  
It pays me discreet, your fragrance is sweet

Call you on your phone and never come and see you  
Thought â€¦ no one would do that  
â€¦ just to try and know where you atâ€¦  
Call you on your phone and never come and see you  
Thought â€¦ no one would do that  
â€¦ just to try and know where you atâ€¦

I wanna go study, baby would be my buddy?  
And help my with my project, cause you are who I want  
with  
Honestly, I know it, take me Boo, you the one I wanna  
go with  
Fridays out the week, my stays out the street,  
It pays me discreet, your fragrance is sweet.
