I can't sleep cause there's monsters in my closet  
They hide in the dark and they creep around my room  
I can't sleep cause there's monsters in my closet  
I turn on the lights and prepare to face my doom  
What can I do?  
No one sleeps when there's monsters in their closet  
So hide under cover and wish for the darkness to  
disappear  
You can't get away and there's nothing that can stop it  
They shriek through the night and they try to incite your  
fears  
Whoa-ooh-ooh-ooh  
Whoa-ooh-ooh-ooh-ooh  
No one believes there's monsters in my closet  
They tell me I'm wrong and I don't belong with ghouls  
But maybe one day they'll discover that they've been  
haunted  
They'll be all alone in the twilight zone poor fools  
I can't sleep cause there's monsters in my closet  
They hide in the dark and they creep around my room  
I can't sleep through all the hours of mindless  
nonsense  
They break all and make lots of noise it's true  
What can I do?  
Whoa-ooh-ooh-ooh  
Whoa-ooh-ooh-ooh-ooh  
Whoa-ooh-ooh-ooh  
Whoa-ooh-ooh-ooh-ooh  
Whoa-ooh-oh
