So I say... goodnight
I will stay outthere for a while
I tried
to make you understand that it's right
she's crying in her bed alone
you won't forgive me that's for sure
she's softly falling asleep
'cause I'm the one that wasted your dreams
... and I can't repair them

So you said... goodnight
I saw you outthere for a while
I tried
to make myself believe that it's right
you're crying in your car alone
I won't forgive you that's for sure
you're only trying to sleep
'cause you're the one that
wasted my dreams
... and you can't repair them

But you'll be better without me
I think I won't forget this night
time will make everything alright
you'll be a stranger in my life
... and this is what I will become
... become
