I found you at my door

As you used to did before

Just like you used to knock the door

Now It's You who's Telling me i was right

Swearing that you got it right

But how can i believe in you , after all that we've been through .

Our story has gone the night you said:" darling it's all done" .

Now how could you dare , standing at my door ,  
begging me for more.

Baby i'm telling you, there ain't no way you and I could  
be together anymore

noo noo

Our love has gone the time you left me like i've been  
shot by a gun .

This love was beautiful as love was meant to be , But  
Baby you ruined it like it was never something between  
you and me .
