We donâ€™t talk much about it
It goes back so many years
All the times we almost didnâ€™t make it
We stayed clear
Dancing with the devil
Call it respect, call it fear
But we never allowed the devil come to the party
The devil pours a glass of champagne, asks someone
new to dance
Itâ€™s so easy to ruin peopleâ€™s lives
He twirls around and starts to laugh
Tear up the invitation
Hear the bells ring on the hour
Twirls around and he laughs

You canâ€™t fix this, you lost your friend
Hearts breaking, right and left
Friendships break like glass
And the devil pours another glass

Itâ€™s so easy

We said we never be sorry, for what weâ€™ve done
But we never allowed the devil to come to the party
You canâ€™t fix this, you lost a friend
Hearts breaking, right and left
Friendships break like glass
And the devil pours another glass

Never dance with the devil
(You canâ€™t fix this, you lost a friend)
He will burn you down
(Hearts breaking, right and left)
And you dance with the devils
(You canâ€™t fix this, you lost a friend)
He will burn you down
(Hearts breaking, right and left)
Oh no, never dance with the devil
(You canâ€™t fix this, you lost a friend)
He will burn you down
(You canâ€™t fix this, you lost a friend)
Never dance with the devil

(You can't fix this, you lost a friend)
He will burn you down

You can't fix this
