I know it's not what you had to decide

the infatuation with retaliation

wards are unkind

stubborn as always, wanting it your way

blind with a closed mind

now leave this behind

Don't hold me back!

It's easy to see that you are damaged

(So save your aggression)

its easy to see through you

I'm dragging you forward

Why is it so hard

when i tried to save you

It's like a chairty

I don't want to be concerned

I don't police you

Move on forget me

I'll forgive if you let me

I won't look back

It's easy to see that you are damaged

(So save your aggression)

its easy to see through you

I'm dragging you forward

A charity to carry me

It's easy to see that you are damaged

(So save your aggression)

its easy to see through you

I'm dragging you forward
