It feels good the way she uses you
She'll suck you dry leave you behind
With no remorse

She's got a cute laugh for a psychopath

No need to say "hi" to get between her thighs
She's not what she seems

She never grew out of that phase
She always had to be on something
she'll lead you on
but her rights are wrong
Don't put your eyes on her she is a predator

She got in the back of his car
Too young to ride too young to drive
She was gone

Please turn back her touch burns black

Watch your step
Hold your breath
This dance of death
Just hold your breath

She never grew out of that phase
She always had to be on something
she'll lead you on
but her rights are wrong
Don't put your eyes on her she is a predator

Come on make her drown
not a sound
just try and hurt me now

She never grew out of that phase
She always had to be on something
she'll lead you on
but her rights are wrong
Don't put your eyes on her she is a predator

She is a predator
You won't last forever
We won;t be together
She is a predator
