(Woah woah woah-oh)

(Woah woah woah-oh)

Not coming back but I can't stop waiting
Give me a minute while my heart stops breaking
Give me a minute while I fix my tie
Give me a minute while I take my life

Back into my own hands
There's a Chevy Thunder on the drive tonight
I'll take your father's car
And I'm not coming back alive

You know you could've been here, honey
Sitting by my right-hand side
Tonight, I'll take your father's car
And drive, drive, drive

And whatever I never could ever let you go (Let you go)
I'm a lover above a ba-beating heart below (Heart
below)
I'm riding, I'm riding as fast as this car goes
Chevy Thunder, Chevy, Chevy Thunder

(Woah woah woah-oh)

Once in a while, not twice in a while
When heaven brakes I see you smile
I know it hurts, I know it hurts
I know, (woah woah woah-oh)

I'm not what you want
You fell in love with an idea
And I was never never never never never enough
Tonight I'm riding out of here

You know you could've been here, honey
Sitting by my right-hand side
Tonight, I'll take your father's car
And drive, drive, drive

And whatever I never could ever let you go (Let you go)

I'm a lover above a ba-beating heart below (Heart below)
I'm riding I'm riding as fast as this car goes
Chevy Thunder, Chevy, Chevy Thunder

And whatever I never could ever let you go (Let you go)
I'm a lover above a ba-beating heart below (Heart below)
I'm riding I'm riding as fast as this car goes
Chevy Thunder, Chevy, Chevy Thunder

There's so only many ways to wake up, to wake up, next to you
But every single time feels like I'm waking up anew

Just give me one little piece of your heart
And I swear I will be true
Just give me one little piece of your heart
And I'll break mine up in two, for you

And whatever I never could ever let you go (Let you go)
I'm a lover above a ba-beating heart below (Heart below)
I'm riding I'm riding as fast as this car goes
Chevy Thunder, Chevy, Chevy Thunder

And whatever I never could ever let you go (Let you go)
I'm a lover above a ba-beating heart below (Heart below)
I'm riding I'm riding as fast as this car goes
Chevy Thunder, Chevy, Chevy Thunder
