[Speech:]

Words are flying out  
Like endless rain into a paper cup  
They slither while they pass  
They slip away, across the universe  
Pools of sorrow, waves of joy  
Are driftin thorough my open mind  
Possessing and caressing me

[Chorus:]

Jai Guru-oooh, Deva, Ohmmmmmm  
Nothing's gonna change my world [x4]

[Speech:]

Images of broken light  
Which dance before me like a million eyes  
They call me on and on  
Across the universe

Thoughts meander like a restless wind  
Inside a letter box  
They tumble blindly as they make their way  
Across the universe

[Chorus]

[Speech:]

Sounds of laughter, shades of life  
Are ringing through my open ears  
Exciting and inviting me  
In-vi-ting  
Limitless undying love  
Which shines around me like a million suns  
It calls me on and on  
Across the universe

[Chorus]
