Listen the streets remember the ends
and the swimmring moment to the farest.
vision the .seem escapes
from silent cities.
.apart of the city
see your.run the dreams
five more fresh across the sky
calling you reaching me
.when I think of all the things we fell
love is still an open door
like a .across no more
Chorus:
You that I'll always find you
.the sun fighting hard
.that's my gipsy child
over and over see of smile
City life was scream and .in the high resolution.
terrific heights and I feel strength
washing the lights uncovering lash
A big freeze a summer call
.the letters mistakes and froll
.is changing lame
.behind the Brooklyn
another wall 'cause your sea of smiles
disappearing through the cracks
move your head just could move it all
find a way across the room.
3 x Chorus:
You that I'll always find you
.the sun fighting hard
.that's my gipsy child
over and over see of smile
you that I've always loved you
you that I've always loved you
