(Verse)

I kill the rapper with skill and drill him backwards
I'm ill cuz I've been out for the thrill, it's for the fuck of it
I sit em down til I'm chill cuz it's about to get real
That's why I'm grabbing your Melanie in that fuckin shit
You couldn't stomach it, you probly a republican
You probly spend your winters in Florida
Well, you can suck a dick
Son of a cock sucker, numb nuts, pumpkin tits
I don't even know what I'm sayin, it's for the fuckin
cakes
I'm just something sick, you're rhyming and I'm
rhyming on these weak ass dudes
I'm keeping promises
This shit's too easy to write well, let's be honest man
I got a lot of product out, you got a problem just to spit
Got a condom on my dick but that shit I'll probly rip
Spittin semen on the game, I'm spittin gang to your
chick
I'm like hi, I'm a rapper and I'm actually dope
She's like hi I'm a ho and I do a lot of coke
Man you foolish not to know that I'm in it for fun
They ask me who's these rappers spittin? It's the
miniature one
We gotta finish this one, keep a motherfucker epic
Your girl is dancing in my songs like a fuckin epileptic
to myâ€¦

(Hook)

Clique clique clique
They ain't do it like my clique clique clique
All these honeys want the
They want the, they want the
Go!
