It's a rainy day  
I don't wanna go  
I just wanna chill  
take the day slow  
put a movie on  
call my baby over  
roll a lil somethin up  
try to get a little lower  
when it's us two  
and we alright  
i don't wanna see  
the sunlight  
i just wanna be  
next to you  
no stressin bout what we do

It feels like work sucks the life out us  
I'm ready to start my life with the lights out but  
theres no time for worry bout the outside  
when in here its perfect  
I found my  
its about time  
My smile's on  
and my eyes looking lower with the lights on  
so flick 'em off  
I don't really need to see  
Feel like this is paradise  
wake me if I'm dreaming please

It's a rainy day  
I don't wanna go  
I just wanna chill  
take the day slow  
put a movie on  
call my baby over  
roll a lil somethin up  
try to get a little lower  
when it's us two  
and we alright  
i don't wanna see  
the sunlight  
i just wanna be

next to you  
no stressin bout what we do

I ain't tryin to move out of the spot where I'm sittin in at  
cause I'm way too comfortable to get up  
i lay back  
I wish life was always like a lazy day  
it makes me wanna change my number, change my  
locks, change my name  
baby let's start a new life tonight, ya lets take a train  
Who cares where we're going to all i got's a little  
change  
Backpack, the passport, the wisdom that lives in my  
brain  
I'm thinkin' bout her as I'm staring through the window  
pane  
All I know is happiness is only bout a step away  
I just gotta do what i love and the rest can just wait  
yeah, cause baby I'mma have it how I want it  
We can mold our life right if we catch it in the moment  
I see a lot of people frown they don't even know them  
feelin blessed to know exactly where I feel like going  
flick the lights off  
I don't really need to see  
Feel like this is paradise  
wake me if I'm dreaming please

It's a rainy day  
I don't wanna go  
I just wanna chill  
take the day slow  
And get this stress up off of my mind  
I done carried all of this weight  
And I've had the time of my life  
but I really need a place where I can kick back,

reflect, catch the sun  
and I'm on it  
I know it's raining the pain is drainin and the race is on  
me

Baby girl I hope you saved a couple minutes for me  
cause I've been waiting for this moment see that grin  
up on me  
I could spend every moment witcha, can I take your  
pictcha  
frame it on my wall and then kiss it  
I don't mean to cause no mischief  
yeah, I hope this day never finishes  
it's so perfect that it hurts to see the sky go dim again  
flick the lights off  
I don't really need to see  
Feel like this is paradise  
cause i'm just chillin on a
