(Intro)

They like, they like yo  
Why you doing the mixtape?  
I'm like why not?  
And they like oh  
And I'm like umm yo

(Verse)

Been in the game, I'm beating you to the punch  
I'm fucking up everything in the middle, back in the  
front  
Sit back in a hunch and wonder what the fuck up  
Insane, crazy, mentally dazed, all the above  
I'm sitting in the middle of madness  
I use these rappers as some steps on my ladder, you  
heading backwards  
I've been shitting on these kids cuz I had to, I ate em up  
And have em into the bathroom, it's just a fact, word!  
I'm just having fun for the evening like why not?  
There ain't no reason that she stop to the beaters  
I'm psychotic in my own right, got for the meaning  
You wanna sue? Well, it don't mean the same thing  
ding  
Yes, I'm like I  
Me me me I I I  
Fucking all about me boy, I'm that guy  
I love bragging and boasting, all at a time  
So stop sucking bitch, blow my mind  
Don't blow my high  
Oh get out of my lane, man of the day  
Man of the planet, damn it  
I'mma damage the damn place  
A fan of the damn days, Planet of the Apes  
Close the damn drapes, this girl's 'bout to get  
rampaged  
I'm an animal, girl hold onto handles  
It's about to get scandalous girl in Los Angeles  
In a fuckin manager's world  
Tattered your girl on my ass then even banged her a  
hold  
I'm so obscene, obscure at one thing

Quick to the punch, punch lines no punching  
Little bit of a nut, well my nut is busting on your  
girlfriend's butt  
(Well that's disgusting)  
Yea, you really think I give 2 shits?  
This is just some shit I like this shit so there's new shit  
Give you exclusives and give you some bruises  
Hang a kid in a noose with the shit I'm producing  
Huh, but what the hell does that mean?  
I'm just filling in bars, I'm just letting off steam  
I'm just letting yall know, then I'm getting my dream  
So it's better if you get off my knee  
You should get off my knee  
You should get off my spleen  
You should get off my team  
You should get off my scene  
I be motherfucking nuts try me  
Griny fly beats, yea I kill it yea I'm feelin fine  
Military flow, trained behind enemy lines  
I'm a hell of a guy, I've developed a eye for these  
bitches  
Feeling my dick impaling your thigh  
Room filled with booty parafenelly  
Get Nelly into your wobble  
I'm laughing, I'm pre-hysteria  
I'm such a motherfuckin freak  
Fuckin women soccer team, like this been flip and  
flopping for a week  
I'm feeling noxious on the beat  
Keep it syllable rhyme flow, vodka with tonic and JD  
Uh, it's how I'm feeling lately  
Break 3 records, on records we'll break beats likeâ€¦
