(Intro)

(CTune)

Yeah, for all my ladies out there
Something special
My name is CJ
I got Max with me
My boy J with me
Check this out
We poppin' bottles
Gucci Models
Something really epic you know
Exclusive
J Rip it

(J5)

You know it's time switch
You're gracing my list
Better lay it down on me
Dishing dimes like the C3P
Is it a crime, that I shine like a C3P0
N*ggas gone bust that green
All those haters that'll frown on me
Get on your feet
Don't have to care, cause what you want is a million
Dis N*ggas got 2 4 4
We got the chrome fixed
Our swaggers own this
Taking our fine time to refine the phone list
Your girls time to stop on me, monopoly
I know she's keen she gonna leave she probably
I'm wielding all tricks, I'll make your bones twitch
I'll take you down with, something to moan with
I say we go split, back to my crib
Tonight it's just you and me.

(Chorus)

And in this place we be popping bottles
And our girls all be Gucci models

Get on me, the SSC
Get on me it's the SSC
X2

(Maximus Marketable)

This a smooth track
Can you believe that
All the girls in the club don't know how to act
This your boy Max, J did the beat
Let me do it bad
Put that thing in your girl go real fast
Yeh you like that
Won't you ride that
Get on all fours
Hit it from the back
Ice cubes hot showers that go real hard
I go real deep, you say "oh lord"
You feel it in your stomach
Don't stop that's the real broad
Put it in bounce on it then repeat
You got Max in your throat can't even speak
That's a real freak
You don't need X
Just some real sex
Going hard going in let me reset
Let me invest
Hotel room boo now you rocking with the best

(Chorus)

And in this place we be popping bottles
And our girls all be Gucci models
Get on me, the SSC
Get on me it's the SSC
X2
She got grace yeah the girls got class
Look at her face you know nothing else matters
Get on me, the SSC
Get on me it's the SSC
X2

(CTune)

You know me, uh
Yo, look, you should join my entourage
J over here can give you a massage
VIP, you should come to the mansion I like ladies
That's pretty in the face, skinny in the waist
Got a good pussy wanna f*cking taste
I'm a star
And you should hop in my car

I got a Lexus a Rover, no it aint over
If you feeling cold I'll cover you on your shoulder
Necklaces and diamond rings
You know me, money ain't a thing
You should join us, don't join them
Look at his pockets his pockets is slim
Well my packets are so damn fat
Money, ha, what you know about that

(Chorus)

And in this place we be popping bottles
And our girls all be Gucci models
Get on me, the SSC
Get on me it's the SSC
X2
She got grace yeah the girls got class
Look at her face you know nothing else matters
Get on me, the SSC
Get on me it's the SSC
X2
