i just be laughing at these haters

i'm zooming on these niggas in i don't see nobody  
there's no competition and i told you niggas at me  
back to put it down now i'm back with the crown  
..dependency with the..might to ..life is..  
then i get go and i..told i'm stuntin  
in the back of..look at the ..  
made an honest man straight..  
till i been get..someone test me to..  
ask me i'm the same boy  
..something in niggas is paid for  
got the feel under my nails so i ain't tryin be no game  
boy  
..you nothing but ain't boy see i ain't for that..  
get out and mention that..and i'm brugnin took my..  
and now these ladies think they love it  
..for you and you gather like 2 and 2

BCGMMG yeah that be my only crew  
BCGMMG yeah that be my only crew  
BCGMMG yeah that be my only crew  
BCGMMG yeah that be my only crew

American flag on my stereo will  
palm tree on my..mirror  
everything seem closer than what the peace  
and what it pissed to be  
is that everything in enemies mind  
so no time to focus on time  
i'm focused on mine i'm focused on time  
Rolex watch with the fragment..  
small time boy with the world mine  
the world is mine, the world is mine  
i repeat on myself and i  
this flag reminds me of my own strikes  
the stars represent my eyes  
the blue is for the.. and ..his eyes

the convertible sheavy is ..my eyes  
and it's cocaine night and it's..  
it's pulish when i pull up the.. and ice  
and happen like the..and electric lights  
28 ..and it cut like nice  
i creep on on your block and i cut my lights  
make sure i have everything inside  
i'm leaving on prison i ain't spirit light  
a savage journey for my American slide  
i'm not needy but i'm greedy and i want my..  
so i can split it and ..with all my guise  
and make sure enharit but i'm nice  
cause a good guy never owe anything but a humble life
