White minks with the gator sleeves  
White wine and some Cali trees  
Whitest cell with the butter soft seats  
A player out and lady shouting let me ride, please  
As Dr. Dre let me ride bleeds out the trunk

I'm snuffed in my seat, puffing on a blunt  
High as a mountain top, thinking about a jump  
Free falling, springs falling, I give them what they want  
I parade on this singing like a marching band does  
Get sided out and throw a shrug, I don't get ahead of  
love  
Middle finger up, that's two for you cocksuckers  
I hate niggas who hate niggas, we supposed to be  
brothers  
Menace to society, double cheeseburgers  
Get my order, write it down and that's on my mother  
Old dog with new tricks, take fists for loose slips  
Don't talk shit if you been doing this, you mess on my  
crew since

White minks with the gator sleeves  
Lumberjack buttoned up, Jordan trees  
All my niggas snuggle up, now what it'll be?  
Straight G's a bunch on knuckleheads popping trees  
Outlaws stuffing jeans with a couple G's  
This is old gold kings, BC jinx  
This is old gold kings, BC jinx  
This is old gold kings, BC jinx

Straight G's a bunch on knuckleheads popping trees  
Outlaws stuffing jeans with a couple G's  
Nothing average about the way I move  
I iron statics with an iron tube  
I ain't chiquer than jewels to be bleak, got moose  
To the crews of the alpine to sink in through  
My people made us paper weight to spit these jewels  
Remarkable rhyming, minds like an eight sided  
diamond  
I illuminate fools, ain't no rules to the game  
So I cruise in the lane as my system booms

Tuning out the rest of the world, in my rearview what's  
left of the world  
Dress my queen up in leopard and pearls  
Fox purse, seats with balling ball squirrels  
'68 Camaro, dance apparels, I call it my jungle glass  
house  
I cleaned it up pretty and then let the ass bells puffing  
on Keisha  
Listening to cash out, nigga how I came from a life to  
being a cash cow  
So it's white minks and gator sleeves when I raps now

White minks with the gator sleeves  
Lumberjack buttoned up, Jordan trees  
All my niggas snuggle up, now what it'll be?  
Straight G's a bunch on knuckleheads popping trees  
Outlaws stuffing jeans with a couple G's  
This is old gold kings, BC jinx  
This is old gold kings, BC jinx  
This is old gold kings, BC jinx  
White minks with the gator sleeves  
Lumberjack buttoned up, Jordan trees  
Straight G's a bunch on knuckleheads popping trees  
Outlaws stuffing jeans with a couple G's
