It's always not now, hold on
We can't go, you don't know
I'm gonna make this simple
We're going to the west coast

No more wait and see, you're gonna come with me
That's how it's gonna be, whoa
No more waitin' round, we'll get out of this town
That's how it's going down, whoa

Pack your bags we're gonna go away this weekend,
whoa
Don't you know there's no one else I'd
rather be with, whoa

Let's go away, you meet me halfway, I can't
wait
Not another minute for ya
Don't hesitate, we can ride the waves, soak up rays
Let's get lost in California
I know a place, where we, we both can stay, every
everyday
Don't you keep me waiting on ya
No time to waste, let's pick up the pace, leave
today
Let's get lost in California

Let's take a moment, slow down
Relax now, breathe in, breathe out

No more wait and see, you're gonna come with me
That's how it's gonna be, whoa
No more waitin' round, we'll get out of this town
That's how it's going down, whoa

Pack your bags we're gonna go away this weekend,
whoa
Don't you know there's no one else I'd
rather be with, whoa

Let's go away, you meet me halfway, I can't
wait

Not another minute for ya
Donâ€™t hesitate, we can ride the waves, soak up rays
Letâ€™s get lost in California
I know a place, where we, we both can stay, every
everyday
Donâ€™t you keep me waiting on ya
No time to waste, letâ€™s pick up the pace, leave
today
Letâ€™s get lost in California

Leave today, we can go away
donâ€™t ya hesitate weâ€™re going to the west coast
Leave today, we can go away
donâ€™t ya hesitate weâ€™re going to the west coast

Letâ€™s go away, you meet me halfway, I canâ€™t
wait
Not another minute for ya
Donâ€™t hesitate, we can ride the waves, soak up rays
Letâ€™s get lost in California

Letâ€™s go away, you meet me halfway, I canâ€™t

Not another minute for ya
Donâ€™t hesitate, we can ride the waves, soak up rays
Letâ€™s get lost in California

I know a place, where we, we both can stay, every
everyday
Donâ€™t you keep me waiting on ya
No time to waste, letâ€™s pick up the pace, leave

Letâ€™s get lost in California

Leave today, we can go away
donâ€™t ya, hesitate
Letâ€™s get lost in California
Leave today, We can go away
donâ€™t ya, hesitate
Whoa
