Everybody away
I've been waiting all day
And if they strike the left,
Then offer them the right
I'll grab this bat just in case

Tell me, what did you say?
Sounds like nothing to me
We haven't been polite
We've had a bit too much tonight
So pack your costume up and leave

Turn out the light
I'm seeing shades of grey
Why can't we behave ourselves?
We had so much time
To get this shit together
We didn't even try
If this is how you want it, that can be arranged

I'm not shocked by what this became
In a lot of way we're the same
Breaking bottles in the hall
Screaming out, "Everybody fuck off"-
On another night, that's be me

..But you're still a dick,
You're back and you're forth
and it's making me seasick

Turn out the light
I'm seeing shades of grey
Why can't we behave ourselves?
We had so much time
To get this shit together
We didn't even try
If this is how you want it, that can be arranged

You never know what's coming next
You'll never know what's coming next
I've seen the future, you'll never guess
What the fuck is coming next
