Up in the â€¦ know my philosophy
Smoke duck, power me is at the brasserie
Loose your plature fucking with the doctor
â€¦ injector, living off the nectar
The fruits of life I got the sweet tooth
Young sweet jones champagne caddy with the green
roof
Trunk slam downâ€¦ lungs are filled with earth
Play the garden like the nicks
My mind is on the â€¦ tattered diamonds on the tits
The john cougar melly camp, I spit the shit to get the
â€¦
I got the voice to make the ladies moist
And soon I had this pappy hopping out the hazy voice
Mix it up in the blender, thereâ€™™ s no contender
The drugs thick I smoke is never slender
Like chimney with the fender, hit the wild wild pedal
But in the beamer doing donuts parking lot at the arena
â€¦ you see a shine, never a dull moment
Cause we some â€¦ like â€¦ away, until we pass away
Late in the earth, with my â€¦and my drink good smoke
With some â€¦ baby what you think ah,
â€¦ you see a shine, never a dull moment
Cause we some â€¦ like â€¦ away, until we pass away
Late in the earth, with my â€¦and my drink good smoke
With some â€¦ baby what you think ah,
Iâ€™™ m in the 50â€™™ s hot rod that my daddy made
I could see my reflection in the candy paint
My little pony running off my polo shirt
If I had all the money that I sold and work
I could buy dr. dre beat and a house
Couple diamond chains, make sure Iâ€™™ m standing
out
Guci man shirt, slick rick appetite
Platinum plus on the â€¦ night
On my Bun B shit, keep it extra thrill
Couple dollars in the stash for the extra bills
I could understand why I ainâ€™™ t made it yet
Cause even know Iâ€™™ m nice, I was a livingâ€¦
And Iâ€™™ m living in debt, but Iâ€™™ ll live to progress
Iâ€™™ m trying to see my daughters balling in a private
jet

So whatever it takes, I'm soon to handle that
I'd trade my soul, I just want my grandma back
You see a shine, never a dull moment
Cause we some like away, until we pass away
Late in the earth, with my and my drink good smoke
With some baby what you think ah,
You see a shine, never a dull moment
Cause we some like away, until we pass away
Late in the earth, with my and my drink good smoke
With some baby what you think ah,
I was to lead, I was born to fly
Yes sky high, like a Houston rocket look at my eye
In space like nasa, and I ain't slowing down, I'm
going faster
Fuck the system saying no to master
ft. Action Bronson, Termanology & Bun B
My liquid flow is plasma,
Terminated truth, I terminate a crew
Dummies I laid a few down, and I did shook a few
clowns
Overdue a couple rap crews, it took a few grounds
But it wasn't for status, just had to show them
suckers who's the baddest
That poison flow straight from the black adders
So holler back at us, cause we ain't going nowhere
We go to war with no so homie don't you go
there
Too thrill, and it ain't just the name
Oh yeah, we famous but we ain't doing this shit just
for fame
Guess again, we trying to open up a new lane and new
doors
And for that I'm willing to fight a few wars, is you
boys?
You see a shine, never a dull moment
Cause we some like away, until we pass away
Late in the earth, with my and my drink good smoke
With some baby what you think ah,
You see a shine, never a dull moment
Cause we some like away, until we pass away
Late in the earth, with my and my drink good smoke
With some baby what you think ah.
