( Lancaster )

I really didn't wanna break it  
You know I'm sorry it's over and done  
I really thought we would have made it  
But now it's gone  
Can you look into my eyes and tell me  
That there's nothing wrong  
I know you know it's not the same  
It's not the same old song  
It's over and over and over  
I told you  
It's over and done

None of us are getting younger  
But we all want to be a millionaire  
And when you stop to think about it  
It seems unfair  
But if you never stop to think at all  
You'd never be aware  
And never understand the meaning  
Of the love we shared  
It's over and over I told you  
It's over  
It's only fair  
Oh it's over and over  
I told you  
It's over and done

It's no good trying to make it better  
You know it's doesn't feel the right to do  
Everything we shared together  
Would break in two  
Can you hear what I've been trying to say  
I wouldn't do you wrong  
We've got to get it over now and learn  
To carry on  
It's over and over and over  
I told you  
It's over and done  
It's over and over and over

I told you  
It's over and done  
Oh it's over and over  
I told you  
It's over and done
