(Rossi / Young)

Riding on a big white butterfly
I turned my back away towards the sky
I closed my eyes to look for something
Saw myself as really nothing
Then I realised my butterfly
Wasn't really up there with me
We all make mistakes, forgive me
Would you like to ride my butterfly

Riding on a long blue paperplane
Getting seasick, sorry once again
Landing strip is getting nearer
Hope the foglifts, make it clearer
Then I realised my paperplane
Wasn't really up there with me
We all make mistakes, forgive me
Would you like to ride my paperplane

Riding in a three grand Deutche car
A to B is often very far
Home is near, but such a long way
Legs and heads all feel the wrong way
Then I realised my Deutche car
Is only there to get me somewhere
Even so I really do care
Would you like to ride my Deutche car
