I can feel a new expression on my face  
I can feel a glowing sensation taking place  
I can hear the guitars playing lovely tunes  
Every time that you walk in the room

I close my eyes for a second and pretend it's me you  
want  
Meanwhile I try to act so nonchalant  
I feel the summer's night with a magic moon  
Every time that you walk in the room

Baby it's a dream come true  
Standing right alongside of you  
Wish I could tell you how much I care  
But I only have the nerve to stare

I can feel there's something pounding in my brain  
Just anytime that someone speaks your name  
Trumpets sound and I hear thunder boom  
Every time that you  
Every time that you  
Every time that you walk in the room

Walk in the room  
Walk in the room  
Walk in the room
