Alone deep in the dark  
I hide all my sorrows from you  
I tried to cover this pain  
That flows through my veins all this time

I'm slowly decaying  
My head is fading  
I feel like I'm bleeding  
I'm down and forsaken

I bear all this hate  
My heart is begging to fade  
But I stayed kept looking and found that  
Nobody stands by my side

I'm slowly decaying  
My head is fading  
I feel like I'm bleeding  
I'm down and forsaken

The pressure I kept inside  
I'm totally drowning I cannot take this anymore  
These tension hate and anger  
Vanquish my life all alone

I'll break all of your rules  
I have to be free from your chains  
But I'm lost nowhere to go  
No one to blame but my own

I'm slowly decaying  
My head is fading  
I feel like I'm bleeding  
I'm down and forsaken

The pressure I kept inside  
I'm totally drowning I cannot take this anymore  
These tension hate and anger  
Vanquish my life all alone

Nothing has changed  
Everything remains the same

I'm left here and bounded  
By this hatred forever

The pressure I kept inside  
I'm totally drowning I cannot take this anymore  
These tension hate and anger  
Vanquish my life all alone

It's late I know its the end  
But I'm back from where I begun
