I tried not to express
All these thoughts I hide for years
Slowly losing all my faith
I'm still living in this world of hate

Receive it I can't take it
Gravel voices inside my head

Curses that you set
And all the damage that you left
Everything is so unreal
I wish they'd all just disappear

Receive it I can't take it
Gravel voices inside my head
Receive it I can't take it
I know these vices can't kill this pain

Because of you I'm all alone
I don't want to go back home
Because of you I'm all alone
I don't want to go back home

Whispering your name
Behind this window pane
I cannot stop this rain
Everything I've done was all in vain
Receive it I can't take it
Gravel voices inside my head
Receive it I can't take it
I know these vices can't kill this pain

Because of you I'm all alone
I don't want to go back home
Because of you I'm all alone
I don't want to go back home

Receive it I can't take these
Gravel voices inside my head
