I don't care who's right
Just separate me from the fire
I cannot take this over again

Today I will go away today
Today I will leave it all behind today

I don't know who I am
But I'm living with your name
You forced me to see
All the violence and rage
That I carry inside me

Today I will go away today
Today I will leave it all behind today
And I feel this everyday
No matter how I try it never goes away
And I tried to stay away
From all the tensions that you gave me
But the agony remains

Today I will go away today
Today I will leave you all behind today

I don't care who's right
