Nobody knows how I feel  
Deep down inside  
Surrounded by hatred and lies  
But its your words that flow inside

Without you I'm not here  
Without you I can't see myself  
Without you I can't feel  
Without you my life would still be the same

I once was lost in this empty world  
But now I found myself through you  
I continue to fight and continue to lose  
But I still believe in you  
Without you I'm not here  
Without you I can't see myself  
Without you I can't feel  
Without you my life would still be the same

So I want to say this to you before you go  
Cause I don't know if I would have another chance to  
say

Without you I'm not here  
Without you I can't see myself  
Without you I can't feel  
Without you my life would still be the same
