cling on to your youth
keep searching for the deceitful truth
together we dance on through the night

a creature thinking in overdrive
thriving just to feel alive
so many voices choose which ones you hear

a genuine laugh, genuine smiles
worth every penny
so we buy more the drinks they pour
until we've not got any

now call it callow
call it naive
this place is shallow
hear me heave
mate you should know
i don't like whisky

good times roll
like a dice
so let's roll a double
vodka and coke
or with cheap red bull
whatever bursts my bubble

now see them dance
hear them laugh
feel the vibe
your inside
moments get away
if you don't grab

So now's the time
so now's the time
now's the time, just like always x3

so now's the time to let it go
be yourself put on a show
together we dance on through the night

if you dont grab the bull by the horns
then grab the horns by the bull
il down the glass
whether its half empty or half full

So nows the time
so nows the time
nows the time, just like always x3
