Five minutes 'til the curtain goes up  
And how I hate myself for thinking of you  
So in the past, but the memory lasts  
Of how you hated everything that I'd do

You never paid attention  
To dreams I'd mention  
You'd just go out your way to simply ignore  
You'd say your're never gonna make it  
Bring your feet back down to the floor  
...But no more...

Chorus  
Now my band is playing  
I hear you saying  
"Ain't that the girl that I use to know?"  
My fans are screaming, no I'm not dreaming  
Now I don't search for your face in my sold out crowd  
anymore  
Oh Oh  
Oh yeah  
Yeah that's my song on the radio  
Now that I'm flying you'll be the one that's saying "oh"  
"Ain't that the girl I used to know?"

So it off  
Yeah I'm ready to rock  
There's no place on earth that I'd rather be oohh ooh  
ooh ohh  
Center stage and the band starts to play  
And the entire world is feeling the heat

But I don't feel like pressure  
It's so familiar  
I ran this scene a million times in my head  
I took the pain you caused me and I put it in a song  
instead, instead

Chorus

Bridge  
You want your name on the back stage listed?

You really think I would?  
You made me laugh whatcha' thinking about?  
Security will just show you the way out  
Now my band is playing  
I hear you saying  
"Ain't that the girl that I use to know?"  
My fans are screaming, no I'm not dreaming  
Now I don't search for your face in my sold out crowd  
anymore  
Oh Oh  
Oh yeah  
Yeah that's my song on the radio  
Now that I'm flying you'll be the one that's saying "oh"  
"Ain't that the girl I used to know?"
