In that final look  
Does the deer forgive the wolf ?

You've stolen my fascination  
You've amothered my holy addiction

And now I'm soaked in you  
Like fat white worms or sad haikus

I woke up  
& the world was on the fire

I woke up  
& the swine had conspired

To erase all the faith  
That I have in the human race

I woke up  
& the world was on fire

It's all in your head  
It's all in your head  
They said I need to flee

Are they shepherds ?  
Or are they sheep ?  
Are we the butchers ?  
Or are we meat ?

In this nest of lies  
Living a life under siege  
We sink in the stink  
& I need my disease

It's all in your head  
They said I need to flee  
This neverending ordinary monarchy

Beneath the toxic water  
Where my secrets come to meet  
In catacombs of shadow

& wet skies of mystery

I found a soggy savior  
A painted lady made of eyes  
She sings to me, my deceit  
"your life is a lie"

I woke up  
& the world was on fire

I woke up  
& the swine had conspired

To erase all the faith  
That I have in the human race

I woke up  
& the world  
Was  
On  
Fire  
It's all in your head  
It's all in your head  
They said I need to flee

Are they shepherds ?  
Or are they sheep ?  
Are we the butchers ?  
Or are we meat ?

In this nest of lies  
Living a life under siege  
We sink in the stink  
& I need my disease

It's all in your head  
They said I need to flee  
This neverending ordinary monarchy

If we stand too still,  
They're gonna eat us alive !

Watch your tongue,  
Teach them young...

Medicate the mutiny.  
Better living through chemistry  
Self destruction's patriotic.  
Money fixes everything.

Wach your tongue,

Teach them young...

We're taught  
To love & hate  
To fight & obey...

I've lost my mind,  
But I've found my way

(in this nest of lies  
Every wall has eyes)

It's all in your head  
It's all in your head  
They said I need to flee

Are they shepherds ?  
Or are they sheep ?  
Are we the butchers ?  
Or are we meat ?

In this nest of lies  
Living a life under siege  
We sink in the stink  
& I need my disease

It's all in your head  
They said I need to flee  
This neverending ordinary monarchy
