

## Otep "Hooks & Splinters"

Visit "[Hooks & Splinters](#)" on [MotoLyrics.com](http://MotoLyrics.com)

You fucking parasite  
I'll beat you til you die  
It hides inside me [x3]  
Sic semper tyrannus

Everyday you decay  
In chains, dismayed  
Broken soul, splintered bones  
Ghost children  
In their graves  
Sold as slaves  
Unstable  
Greedy flames  
Life is a sacrifice  
A 7 inch slice  
The still-born waste  
Of a suicide christ

I'm learning to like the pain  
I hope you die, we broken people [x2]  
It's hides inside me [x2]

Everything is dead  
Every day is black  
Word becomes flesh  
Bloodied, burned, and scratched  
Everything dead  
Every day is black  
The face I wore was yours  
As I launched this self-attack  
Hypocrite  
Heretic  
Blasphemer  
In pain  
Insane  
A bullet in the head, a knife wound in the  
I cried, as my innocence died [x2]

Death will have mercy  
I won't  
Here in the serial killer holy land  
It's not over [x2]

We've only just begun  
Like a fetus on the floor  
Like an addict wanting more  
Like a sex slave  
Crying and sore  
I want to smell the violence  
I need to see you bleed  
Take me inside your soul  
And make it weep for me  
I need to believe

I will sit, I will wait, I will make, no mistake [x2]  
>From slave to master  
I've become the hydra  
More heads and venom  
It hides  
Inside  
Me  
Hooks and splinters [x2]  
It hurts  
To  
Exist
