I wish  
I could have you  
Here  
Alone  
In my clutches

To remove the excuses from your mind  
To part that haze and slice your soul to pieces

To sing a lullaby  
As I tied you to the slab

To shave your head with a dulling razor  
As you watch  
In the splattered mirror above you

To break your ribs individually  
With a rock hammer

To shatter your shin bones  
With a shovel

To burn your fingers & toes  
To a necrotic black  
With liquid nitrogen

To crack your teeth  
With a splintered club

To pierce your limbs  
With a nail gun  
To silence your cries  
To laugh in your eyes

To sharpen my favorite slicing device  
And take your arms, the elbows

To keep you alive  
For a few moments longer

To smell your fear  
To cover your body

With kisses & kerosene

To watch you burn  
As my human sacrifice  
To hear you scream in agony

The popping  
Of your flesh crackling as it cooks

To feel your child smile  
The one you betrayed  
The one you took

For nothing  
For selfishness

In a perfect world  
I would get  
My wish.
