

## Otep "Noose and Nail"

Visit "[Noose and Nail](#)" on MotoLyrics.com

Your god is a fossil  
Abandoned apostles  
Get down & join hands to behold

You godless disciples  
Abandon your idols  
Get down & join hands to behold

*[V1.]*

(champagne  
Cocaine  
Vicodin  
Adderall

Nicotine  
Caffeine  
Percosets  
Halodol)

Jesus needs his  
Prescriptions filled

Buddha's usin'  
Too many pills

Allah promises endless thrills  
In volatile bottles marked RELIGION KILLS!

*[tunnel]*

This is the ache  
We can't escape

Betrayed!

One day this could be you.

*[chorus]*

We're just another  
Nail in the coffin

Another  
Knot in the noose

It's just another  
Squeeze of the trigger

One more hue  
In the bruise

*[V2.]*

(champagne  
Cocaine  
Vicodin  
Adderall

Nicotine  
Caffeine  
Percosets  
Halodol)

Krishna's rollin' on ecstasy  
Jehovah's smokin' too much PCP

Mother Mary carries a junkie messiah  
Shooting smack & smokin' crack with the King of  
Liars!

*[tunnel]*

This is the ache  
We can't escape.

Betrayed!

One day this could be you.

*[chorus]*

We're just another  
Nail in the coffin

Another  
Knot in the noose

It's just another  
Squeeze of the trigger

One more hue  
In the bruise

*[bridge]*

This is for a lifetime  
Of shit.

You!

Get down & crawl, crawl!  
You fucking insect!

Get down & crawl, crawl!  
You fucking insect!

Get down &  
CRAWL!

Get down &  
CRAWL!

The remedy is worse than the disease  
THE REMEDY IS WORSE!

My life spills out like dead flies!

*[exodus]*

Your god is a fossil  
Abandoned apostles  
Get down & join hands to explode!

You godless disciples  
Abandon your rifles  
Get down & join hands to explode!

TO EXPLODE!  
TO EXPLODE!  
TO EXPLODE!

MY LIFE SPILLS OUT LIKE DEAD FLIES!!
