I guess it just wasn't my week  
A twister came and pulled away opportunity  
Now I'm buried in these clothes that I've yet to wash or fold  
I guess it's thoughts  
I guess it's jealousy  
That would not let me fly home  
They'll never let me fly...  
To the moon where I soon thought that I'd be  
In those weightless shoes where every step could carry me  
Across the light and to the unknown side  
I can't believe I fell asleep wanting to die

Your voice wouldn't let me fly there  
You're cursed with keeping me here

And I know that when I go  
You'll be the one that I say goodbye to  
And I know that when I go  
I won't be terrified to  
Because I'll have lived with a little help from you

I guess it just wasn't your skin  
There was no dress or floral defense that you ever fit into  
So let your lips be exhausted from the grin  
You've got a heart with an unparalleled grip

Just say that you'll fly close to me  
Until the sky it falls on top of me

And I know that when I go  
You'll be the one that I wave goodbye to  
And I know that when I go  
I won't be terrified to  
Because I'll have grown with a little help from you

And I know that when I go  
You'll be the one that I blow a kiss goodbye to  
And I know that when I go  
I won't be terrified

No I won't be terrified

Because I'm a fortified queer  
With love, with pride, with a wandering ear  
Should I hear that it's over  
That there's nothing left to be  
Then strip me down, ship me west and drop me in the  
sea  
Where I can float away

I guess we just keep on keepin' on  
But should the monster come and hurry us along  
Let's remember that it's never so bad when the  
morning comes

If you see me floating by  
Just think of the colors, the parade, the feeling of being  
alive

And I know that when I go  
You'll be the one that I whisper goodbye to  
And I know that when I go  
I won't be terrified to  
Because I'll have loved with a little help from you  
I know that when I go  
You'll be the one that I sing my last goodbye to  
I know that when I go  
I won't be terrified  
No I won't be terrified

I'm fortified with you..
