

Stephen Malkmus & The Jicks "All Over Gently"

It's all over gently
The sweetest goodbye
Sweet little pepper corn
I want out of your pie
Hug me don't slug me
My mexican jew
Stay if you want but don't forget we're through

There's been some soft grass grown between us
Yeah yeah yeah yeah
When they talk about bad blood they don't mean us
No

It's all over gently
The sweetest goodbye
Sweet little sassafras
I want you out by july
Good when it started
Still pretty good
Stay if you wanna but i don't think you should

There's been some soft grass grown between us
Yeah yeah yeah yeah
But when they talk about bad blood they don't mean us
No

Karma collision

(?)
Views of the driver
He's got reins
