I can't see you through these wandering eyes  
I'm a one-trick pony and I can't survive  
Seen me flagging  
Something's wrong you see  
Rogue director won't you bury me

There's a long hard book that needs reading  
So do what you must but don't touch  
I'm ever-so-frightened

Come around baby  
Take a look  
No excuses for what you might do  
Unclean lady things you'll never know  
Run around rabbit  
Won't you run run run

There's a long hard book that needs reading  
So do what you must but don't touch  
I'm ever-so-silent
