You say you'll know
When you really find the one
But it's hard to tell
With the damage that's been done
But I'd like to say that it's your fault
But I know better
'Cause I'm a fool to think you'd
Wait around forever

CHORUS

Maybe I could have loved you
Maybe I could have shown
That I still do care about you
More than you could know
Don't say it's too late to try
To make it right
Oh ohh to make it right

I didn't know how good you were for me
Now it's clear
I'm seein' all that we could be
And I know that it's my fault
But I'm gonna treat you better
'Cause if I had one wish
You'd be with me forever

Maybe I could have loved you
Maybe I could have shown
That I still do care about you
More than you could know
Don't say it's too late to try
To make it right

(Bridge)

Ooooh
Is there something I could say
Show me how to break it down
So before you walk away
Take the time to turn around
Listen to me now

Maybe I could have loved you
Maybe I could have shown
That I still do care about you
More than you could know
Don't say it's too late to try

Maybe I could have loved you
Maybe I could have shown
That I still do care about you
More than you could know
Don't say it's too late to try
To make it right

Ooh
To make it ri-ight

Make it ri-i-i-i-ight

Gonna make it right
Ooh yea
