The toxins American made  
Weapons clash gray sludge for my friends  
Dioxing the chemical subset  
The number one subset of all

I know what the senator wants  
What the senator wants is a blow job  
I know what the senator wants  
What the senator wants is a blow job

Heading in the antechamber  
Motion to impeach  
Cattle prod the working classes  
There's some things you can't teach

Because we're fading fast  
Like a stone  
Come fading fast  
Into the picture you roll

Little Nicky Nicky Nicky  
Down in Ocean Beach he's strolling  
Used to carry his guitar around his back  
He's just walking to certain places  
And forgets exactly where he is

Smoking weed in our truck  
The cops pull up  
How can they not know  
It was so so so so so so invisible

Heavy heavy heavy heavy heavy smelter  
Fuck it!

Is it funny enough?  
The serious business is wide enough  
My duty to the Republik  
Is to loose up and speak because the halo's off

I know what the senator wants  
What the senator wants is a blow job  
I know what everyone wants

What everyone wants is a blow job

Baby steps up Everest  
There's so much trash to burn  
You stick it where the sun don't shine  
As the world turns

Because I'm fading fast  
Like a stone  
I'm fading fast  
Into the picture you roll

Fading fast  
You're fading fast (x3)  
You are gone  
You are gone

(Look out)
