to get to transeleton b yeah a minor must go
through so many foul creeps and I want you to know
I got a fingerful of catatonic drool
The way you cast the shape
Stutters me from head to toe
It takes all night to get off you x3 off you off you
You are dabby just like you're a comedian
Who has been banished to the deep channels of my tv
Cause you're not funny man
You're fuckin fuckin lame
Live a lie live a lie
It takes all night to get off you x3 off you off you

Hahahahahahaha woah
I interrogated you for hours on end
And though the story is tight I've got a hearing again
Your daddy's got your keys
Live a lie
It takes all night to get off you x3 off you off you
hahahahahahaha
