Bela Lugosi Is Undead
Completing Graverobbers From Outer Space
I Know It's True, I See Him Everyday
In Black And White On My Old Tv-set

He's Still Alive
In Our Minds

The Ghosts Of Hollywood Are Still Alive
They Are The Classic Living Dead
The Ghosts Of Hollywood Are Still Alive
They Are The Classic Living Dead
Living Dead

Boris Karloff Hasn't Left
Still Planting Roses In His Hideway
Vincent Price Lives In His House Of Wax
While Chaney Jr. Feasts On Flesh
They're Still Alive
In Our Minds

Repeat Chorus

Ghosts " Can You See 'em, Can You Hear 'em,
Can You
Feel 'em
Ghosts " Can You See 'em, Can You Hear 'em,
Can You
Feel 'em
