(Verse 1)

Hey, throw down your knowledge in a noose
and I will haaangï»¿ off-every woord you-say
You, you never saw or cared when I was scared but now
I shine
How she is disguising and despising under my
pressure hurts however
I think youâ€™ ll be ok

(Verse 2)

Me, I live a sorted dream in clouds & cream and Heeey
baby, love my way
You , you sit and stare into the air and watch me fly
Fill up a bottle to the brim and let me swim in its anger
hey stranger
I think Ill be ok

(Chorus)

Cuz I donâ€™ t want the bother, I only want my mumma
and I will kill you lover, Yeah we wasï»¿ meant together
Until I get another, lâ€™ ll always ask you woman Why
why why just donâ€™ t you die?
You call my feelingsï»¿ broken, Ill smash my head right
open
Place your hands deeply within, And feel my everything
So come and jump on my friend, Ill make your misery
end
Hi hi hi now weâ€™ re fine

(Verse 3)

Itâ€™ s cold and silent no ones crying, it was aaaall
show, Weee know
I â€™ am a magician, apparition, and an in between
and if you donâ€™ t want to believe in anything ok, Hey
baby
I think weâ€™ re in a dream
I think your being mean

(Chorus)

Cuz I donâ€™ t want the bother, I only want my mumma
and I will kill you lover, Yeah we wasï»¿ meant together
Until I get another, lâ€™ ll always ask you woman Why

why why just don't you die?
You call my feelings broken, Ill smash my head right
open
Place your hands deeply within, And feel my everything
So come and jump on my friend, Ill make your misery
end
Hi hi hi now we're fine

Now I've got a gun and I'm not scared!
