I've got a girl, she lives up on the hill  
I've got a girl, she lives up on the hill  
Well, I've tried to quit her but I love that baby still

She's got eyes like diamond that shine like Klondike  
gold  
Eyes like diamond that shine like Klondike gold  
Ooh, wee, ooh

Now you're so beautiful but you're gonna die someday  
You're so beautiful but you're gonna die someday  
All I want is a little lovin' before you passed away

Yeah, oh, I'm gonna jump for joy  
Yeah, oh, little baby boy  
My baby just bought me a brand new choo-choo toy

Oh, the moon look good now, shinin' through the trees  
The moon look good now, shinin' through the trees  
Though mummy may look good when she's walkin'  
here with me

But Rebecca, Rebecca, get your big legs off me  
Rebecca, Rebecca, get your big legs off me  
It look like somethin' I seen in a forest, I think a tree
