Its such an amazing to

& knowing you're the girl

with perfect type

so now I need you to be by

my side

forever with our feelings

so high

[Bridge]

so give a Damn to what

they may say

cause I'm with you so I'll never

misplay

this Game of Love love love

oh wooo...

[Chorus] x2

whenever your times are

against you

like you ain't want it to

but shawty you should know the truth

that I'm always with u.

[Verse 2] Rhymez

Disguised

I am so glad baby, that

you are part of me,

its like I'm on a boat and

I feel so heavenly,

and you're so

happenning, I almost

gotta stuck on you,

you're my first day of

spring and what I mean

is baby look,  
you know I'm into you  
and now I need you're  
loving,  
you're my one and only,  
you're my shawty,  
you're my homie,  
now what I need from  
you is that you never  
ever leave me,  
I promise to be with  
you and never gonna  
leave you lonely.

[Bridge]

[Chorus] x2

[verse 3] Rhymez  
Disguised  
Aiyy, I got her real  
support in everywhere I  
go,  
we're made for each  
other and that is what I  
really suppose,  
and sometimes I act  
bitter but she's my  
candyfloss,  
she gotta melt me  
down and that is why I  
love her most,  
and everytime she's  
close, I fall in love again,  
she makes me feel I'm  
special, the way I never  
felt,  
we play the freaky  
games two lovers have  
ever played,  
we are the perfect two,  
that works so cool and  
everyday,  
and everytime you  
should know I'm there,  
whenever you're lonely  
I'm always near,  
so when you fall or  
when you're low,  
just think of me baby  
just give me a call and,

and then I roll on to hold  
you anytime,  
treat you very well and  
never act outta line,  
see baby just you know  
that always keep your  
head high,  
cause I'm always with  
you girl, wipe 'em tears  
never cry.

[Hook] Doak 17  
your beauty is Dazzling  
in my eyes & in my mind  
as I sing  
oh you're pearly gates angel  
with your cutest hidden  
wings  
so keep your head high &  
as you listen to this song  
just know that I'm holding you  
tight cause baby I aint  
never gonna leave u  
alone.

[Chorus] x 2  
[Conclusion] Doak 17  
Yeah... Shawty, Im  
always with you...
