

Still Rhyming "Will You Be Mine?"

Visit "[Will You Be Mine?](#)" on MotoLyrics.com

[Chorus]

All you gotta do lil' Baby
tryna make a brother
go crazy
I say Damn you're Fine
so will you be mine?
Shawty, you belong on a
T.V screen
gotta be the finest
thing I've ever seen
you got me on cloud 9
so will you be mine.?

[Verse 1] Doak 17

Say goodbye to
confusion & just step in
my life
I'll wipe him off from
your mind turning
everything right
with my magical love
potion I'll put you in the
top flight
I guarantee I'll change
your times into fully
delight
& your previous
depressed story is what we'll
rewrite
from our sweetest
memories we may
start from tonight
if you pour your trust &
give me your hand in
this new plan,
I'll change your
atmosphere for forever
now & then
with feelings I possess
for you inside better
than any men
tough to find across

the seven seas or any
other land
cause I was preserving it
from before & now you
know for whom
the answer is crystal
clear when I drop these
lines for you
rectifying the fact that
I wanna let our feelings to connect
so why don't we zoom
in our own unexpressed
magical moment
grabing our
responsibility & start
our fresh love story
creating exciting
memories full of my
rhymes & diary.

[Chorus]

[Verse 2] Rhymez
Disguised
Now my Shawty, I'ma
take you to another
high step,
where your path filled
with blossoms over red
carpet,
I'm too made to distract you with my swag,
and you so glamo you're
so garlic made,
I'm attracted, cause I
wanted someone like
you're made of,
I'm so in love, I ain't
backing off till I get up
in love,
until this whole fabled
up, story strive to top
outta this reckoning
stuff...
& I ain't gonna run
away, rather stick, I'll
stay
anyway play any game
to mingle with you baby
& I say, I'll keep you
warmer in a colder day,
I'll make you lay in my

arms make you feel my
breath,
& my heartbeat shaded
with your presence
babe...
& then next, we'll exchange 'O'
and 'X' playing this track
finally, making you mine
in this Lover's Game,
lastly, adding your name with my surname in the end...

[Chorus]
