Before the ends of the world meet
And opposites collide and sink
I'll show you what it means to live free from regret
Coward, you're running out of time
To make your mark or get left behind
This world doesn't owe you shit
It's up to you to make the most of it
Choose or be chosen
Choose or be chosen

To the ones that will never
(Never, no never)
Be the best and the better
(I'll be the best I can be)
For now and forever (stay by my side)

I can't believe such a beautiful creation was so wrong in
oh so many ways
Through all the choices that I've made
You'll find my legacy's engraved in stone
No, nothing's set in stone
The quicker that you learn that
The faster we move on
Leave the past right where it belongs
What's done is done
What's done is done
If you come at me you'll be on your knees

To the ones that will never
(Never, no never)
Be the best and the better
(I'll be the best I can be)
For now and forever (stay by my side)
To the ones that will never
(Never, no never)
Be the best and the better
(I'll be the best I can be)
For now and forever (stay by my side)

Don't listen to anything they say
It's all fake
(Promise me you'll stay)

Darling don't get played
Don't let this be their game
(then I could find my way
I never thought it would end like this)
I'm there with you in your thoughts
(I'm sorry i'm there with you in your)

When you see that you've been deceived
Then you'll see
Then you'll believe
