All we're there to show
That you're not good enough
That way chase everything
Aches you and it aches me
You use me and you know it
I use you when you need it
I love you and you don't believe it
You don't believe that I mean it
And all you can hide inside
And all you can hide inside
All you can hide
And all you can hide
And all you can hide inside
You wont be lonely forever
But I wont be there either
I love and you don't believe it
You don't believe that I can see it
And all you can hide inside
And all you can hide inside
All you can hide
And all you can hide
And all you can hide inside
